

LIVER MASTERCLASS 2014

On 2nd March 2014, Sunday

: Venue :

Apollo Hospitals, Ahmedabad

Organised By

Dear Colleague,

It is our great honor and pleasure to invite you to join us at the “Liver Masterclass – 2014” organized by Gujarat Gastro & Liver Foundation and Dept. of GI, Hepatobiliary and Liver Transplantation, Surgery, The Apollo Hospitals, Ahmedabad.

Theme of the masterclass is to discuss the entire spectrum of the liver surgery encompassing basics, benign diseases, malignant diseases and liver transplantation. The techniques of liver resection will also be discussed in detail. The Liver Transplantation is now well established in India. Hence there is a separate session for discussion on liver transplant.

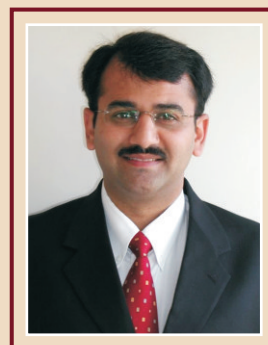

The objective of the masterclass is to address the whole range of surgeons and spread the awareness about this emerging superspeciality. This masterclass is going to be very useful even for the postgraduate students. The whole program is designed keeping general surgeons in mind.

The faculty members for this masterclass have promised to deliver their best and make sure that the event is as informative and interactive as possible.

We look forward to your esteemed presence.

Sincerely yours,

Dr. Chirag J. Desai,
Organising Secretary
